AirHomeRestaurant.com

**THE FOOD EXPERIENCES
BOOKING PLATFORM.**

Air Home Restaurant is the new platform, made in Italy, 100% dedicated to **Social Eating**, riding the wave of international success in "home-made" hospitality.

Air Home Restaurant offers itself as a meeting point between the constantly growing demand for food tourism, and the network of local operators, able to offer "home-made" catering services, to create unpublished tourist itineraries on food, as an emotional and experiential element.

The objective of Air Home Restaurant is to decline the phenomenon of social eating, increasingly widespread, in terms of sustainability, sharing and integration.

TRAVEL, EAT, SHARE.
